## Languages of the British Isles

1 Look at the language family tree. How many languages are spoken in the British Isles? Which is the oldest? Read the texts to find out.

### INDO-EUROPEAN LANGUAGES

#### CELTIC LANGUAGES

**Welsh** (Cymraeg) /kamraɪg/  
A language similar to Welsh, called Brythonic, was the historic native tongue of most of Britain during the Roman occupation and before the Anglo-Saxon invasion. Nowadays, modern Welsh is spoken by roughly 20% of the population in Wales, where it is the official language together with English. It is compulsory for students to study Welsh at school from the age of 5 to 16.  
**Interesting fact:** There is a Welsh colony in Argentina where they still speak Welsh. Say it! Rŏ dy ch enw chi? (pronounced 'say di ch enow chie?') = What is your name?

**Irish Gaelic** (Gaeilge) /gaelik/  
English only became the language of the majority in Ireland in the 19th century. Today, there are still a few areas in western Ireland where most people use Irish as their first language, while around a third of the population of Ireland overall can speak the language.  
**Interesting fact:** Irish became an official language of the European Union in 2007. Say it! Is orn é an t-oidir (pronounced 'is orn um aay on torn oir') = Nice to meet you.

**Scottish Gaelic** (Gàidhlig) /gaelik/  
Scottish Gaelic was introduced from Ireland about the 6th century AD, so it is closely related to Irish. Speakers of both languages are able to understand one another quite well. Scottish Gaelic is spoken primarily in the Highlands of Scotland and in the Western Isles, where in some areas over 50% of the population speak it. Unfortunately, however, the use of the language is continually declining.  
**Interesting fact:** 'Sìoghan' is a Scottish Gaelic word. Say it! Sìose... (pronounced 'sìosh-shuh') = My name is...

**Manx Gaelic** (Gaelg) /gaelg/  
Manx is the native language of the Isle of Man, an island of 84,500 people in the Irish Sea. Until the 18th century, the Isle of Man was totally Manx-speaking. Today, there are no native speakers of Manx left but about 2% of the population speak it as a second language.  
**Interesting fact:** At five of the island's pre-schools and one primary school, the children are only taught in Manx. Say it! Kys ta shi? (pronounced 'kys ta shoot?') = How are you?

**Cornish** (Kernewek) /kernewek/  
Cornish is the native language of Cornwall, a region in south-west Britain. Cornish died out as a spoken language sometime around the 18th century, but it has recently been revived. Today, around 560 people speak Cornish fluently. The language is taught in some schools and BBC Radio Cornwall has a regular Cornish news broadcast.  
**Interesting fact:** Cornish is a direct descendant of Brythonic, the original native language of Britain. Say it! Py fur yu hi? (pronounced 'pee ur yu hee?') = What time is it?

#### GERMANIC LANGUAGES

**English**  
Two thousand years ago, everyone in the British Isles spoke Celtic languages! English only began to develop in the 5th century AD when Anglo-Saxon tribes invaded Britain from Northern Europe.

2 Listen to and read the text again. Then, ask and answer comprehension questions based on the text.

A: What used to be the native language of most of Britain?  
B: Brythonic. What percentage...

3 Explain the underlined words. Use them in sentences of your own.

4 Close your book and tell your partner one thing you remember about each language.

5 [ICT] Portfolio: Work in groups. Collect information using the Internet about some of the languages spoken in your country e.g. name, where spoken, number of speakers, interesting facts etc. Write a short article.

2 a Read the model essay. Were any of your ideas mentioned?

## Should it be compulsory to learn a foreign language at school?

Did you know that there are about 7,000 languages in the world? In view of this, many people believe that all school pupils should be made to learn at least one foreign language. Others, however, argue that there are possible disadvantages to this notion.

One major advantage to making students learn a foreign language is that it could improve their future employment prospects. This would be useful as more and more businesses these days work closely with clients from other countries. However, many potential employers consider other skills, such as experience and academic qualifications, more important than a second language.

Secondly, knowledge of a foreign language is useful when travelling. Communication with the people in the host country is always more effective if it is done in the local language. On the other hand, it has been proven that most people who learn a foreign language at school tend to forget it not long after finishing their studies; so they may not necessarily be able to use this language to communicate successfully when travelling.

Lastly, learning a foreign language broadens a student's mental and academic horizons. Learners certainly benefit from learning about a different culture through studying its language. Nevertheless, the process of language learning can be confusing and stressful for some, which may lead them to feel added pressure on top of that which normally accompanies school studies.

Taking everything into account, I believe that while there are some disadvantages to being made to learn a second language at school, the advantages of doing so cannot be ignored. After all, as the English philosopher Roger Bacon said, "Knowledge of languages is the doorway to wisdom."

## I have a Dream...

1 Did you know that it took Abraham Lincoln thirty years to achieve his dream of becoming President of the United States? After losing his mother at a young age, his first attempt at business ended in failure. Then he failed to 1) ... into law school, which he desperately wanted. He eventually became a lawyer, but then he was defeated for Congress three times and got less than one hundred votes when he ran for Vice-President. He was finally elected sixteenth President of the United States when he was fifty-two years old. He faced countless 2) ... obstacles, but he never gave up. He just kept on going until he reached his goal!

3 So what about you? You may not dream of being a world leader, but perhaps you long to become a lawyer, an astronaut or an inventor, to climb Mount Everest or perhaps simply to do something to help those less fortunate than yourself. At times, achieving these ambitions may seem impossible and, like Abraham Lincoln, you might 4) ... come up against incredible difficulties. But 2) ... heart, because there are some very 3) ... practical steps you can take to help make your dreams come true.

4 • Believe in yourself  
Without a doubt, this is the first step on the road to achieving your dreams! And this means not listening to anyone who tells you, 'You can't'. Einstein, Beethoven and Edison all knew about this. Einstein was considered an 'unteachable fool' by his early teachers. Beethoven's music teacher told him he was a 'hopeless composer', and Thomas Edison's mother was told to 3) ... him from school because he was 'too stupid to learn'. Sometimes, 10 though, it's not others that we have to worry about. Many times, we are our own worst enemy. We look at ourselves and all we can see are our weaknesses, failings and defeats. But when you 1) ...

attempt to the best of your 4) ... because you believe you can succeed. As Henry Ford once put it, 'If you think you can or you think you can't, you're probably right.'

5 • Take steps to achieve your dreams  
Remember, Rome wasn't built in a day! In other words, achieving your dreams is usually a process involving a lot of 4) 5) ... work and perseverance. Therefore, read books, take courses, practise for hours or do whatever you need to do that will give you the skills to achieve your goals. After all, in the words of Thomas Edison, 'Genius is 1% inspiration and 99% perspiration.'

6 • Don't give up  
Finally, don't be afraid of failure on the way to achieving your dreams. Michael Jordan is someone who understands this very well. 'I've failed over and over again in my life,' he once said, 5) 'and that is why I succeed.' Thomas Edison's life proves to us that this is true. After thousands of failures, each of which showed him how not to make a light bulb, he was able to achieve a success that would change people's lives for ever. In the same 6) ... George Lucas' script for Star Wars was initially rejected by various studios. If he had given up at this point, he would have never seen Star Wars become one of the most popular films of all 7) ...!

7 So, never say never. Believe you can climb that mountain, swim that ocean or reach that place, and surely one day you will. There 40 would be no Ford cars, Star Wars, light bulbs or Beethoven symphonies if this was not true!

| 1 1) accept | 2 pass  | 3 get  | 4 succeed |
| 2 1) take   | 2 have  | 3 make | 4 find    |
| 3 1) fail   | 2 erase | 3 cut  | 4 remove  |

## ВНЕУРОЧНАЯ ДЕЯТЕЛЬНОСТЬ

Если вы аудиал, то вот совет для изучения новых слов: вы можете записать на диктофон и переслушивать их в общественном транспорте или во время занятий спортом. Также вам могут подойти английские подкасты и аудиокниги

# ИСПОЛЬЗОВАНИЕ МОБИЛЬНЫХ УСТРОЙСТВ

# ВАЖНО ПОМНИТЬ:

- Аудиалам необходимо учиться вместе с кем то, находясь в группе или в присутствии другого лица. Именно поэтому уроки английского идеально подходят для такого типа учеников. Следует все проговаривать. Они учатся и когда разговаривают, и когда слушают.

# Занятия в группе

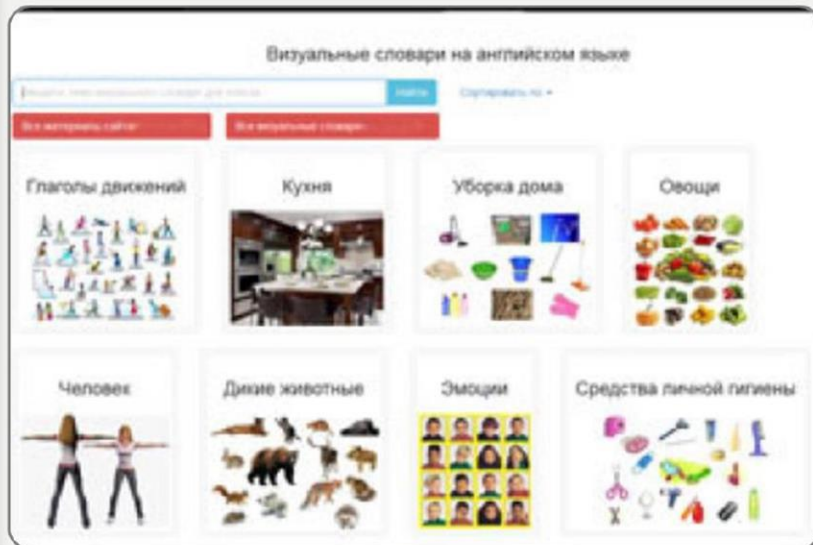

# НЕСКОЛЬКО СОВЕТОВ ДЛЯ КОМФОРТНОГО ОБУЧЕНИЯ:

- **Совет № 1:** найдите собеседника и обсуждайте с ним материалы.
- **Совет № 2:** используйте онлайн словари с возможностью прослушать выбранное слово.
- **Совет № 3:** установите браузер, который будет воспроизводить тексты, которые вы читаете, так вы будете еще их и слушать.
- **Совет № 4:** Youtube-ваше все. Он можете неплохо пригодиться в обучении
