Современный урок английского языка строится уже не только на материалах из учебника, но и с использованием различных интернет ресурсов, которые помогают обучающемуся постоянно взаимодействовать с актуальной информацией и насыщать свой лексический запас современными ЛЕ, которыми они могут пользоваться в реальной жизни и конкретной ситуации. Таким образом, растет мотивация и интерес студента к изучению языка, а также появляется понимание, для чего я учу язык,

Вашему вниманию представляю несколько различных сайтов, где ученики могут прочесть актуальные новости и познакомиться с темами, которые их волнуют и близки им и обогатить свой лексический запас

Например, https://engoo.com/app/daily-news/article/dyes-with-that-mcdonalds-staff-in-japan-can-dye-hair/g_mgpnFqEefg48sgehT4Q , где можно найти уже готовые уроки для развития навыков чтения, а также вывод важных лексических структур в речь

Dyes with That? McDonald's Staff in Japan Can Dye Hair

Workers at McDonald's restaurants in Japan will now be able to dye their hair any color they like.

That's after the fast food company changed its policy about its workers' appearance.

Kyodo wrote that, until now, the color of employees' hair had to look "natural."

But after trying out the new policy at a McDonald's restaurant in Osaka, it will now apply in all McDonald's restaurants across the country.

Many companies in Japan are finding it difficult to get new staff. The country's population is aging, and businesses are looking for different ways to find new workers.

During the trial in Osaka, the company said it had three times as many new employees compared to the same time the previous year.

If you're looking for new affordable fall boots, we suggest opting for the best UGG dupes. Naturally, the quality of these dupes varies depending on the materials used (for instance, suede is durable and can be worn year-round, and sheepskin will keep you warm in winter) and while there's no denying the everlasting quality of OG UGGs, we've found some pretty great alternatives.

But still, there are plenty of great boot alternatives that can give you a similar look. On our list, you'll find cute mini platform booties, slippers, and classic tall boot styles that are great for pairing with **baggy jeans** and **sweater dresses**. We also tested a few and were pleasantly surprised at how comfy and similar these alternatives felt to the originals. Our top pick is the **Cushionaire Pull-On Platform boot**. It has many features we love, including a 1.75-inch platform and memory foam padding for extra comfort. We also found these **platform slippers** to be an excellent alternative to the Tazz slippers, and they feature a similar-looking braided design around the opening of the shoe.
